II. OPEN FORUM:

Prior to the open forum, the board president asked homeowners to use proper decorum and courtesy during meetings and especially when we have guest speakers. An apology was sent to the county commissioner for conduct of some homeowners during a recent Bexar County meeting. Mr. Steele opened the Member's forum. Mr. Severs asked for minutes of routine admin meeting in lieu of July board meeting; also asked for BOD position on the planned bridge expansion. No official position was given; the public meeting was for information only – the HOA board was not asked to give input by the County.

There were more questions with concerns about the bridge; the potential increased traffic and speeders, and also why we are not a gated community. The Board's vice president did address the bridge issue by explaining why the bridge was a good thing for the community. First, traffic and speeders will increase with or without the bridge due to construction on Potranco Rd and the cost of gating the entire community would be too great. Additionally, unlike some small gated communities we do not own these streets, and if we did it would be very expensive to maintain, homeowners dues would increase greatly. Mr. Fowler (Sec) and Mr. Gentry (Assistant Sec) agreed with Mr. Drummond's assessment; Ms Cannon refrained from comment.

Next topic: Annual Picnic; we only had 1 serving line and it took 40 minutes to get food why? Mrs. Tate responded by acknowledging the service was unacceptable and assured the members this would not happen again.

The question was asked; why do VWOA homeowners pay \$3 for guests? Mr. Steele answered the facilities are primarily for the members Westcreek, there are over 3,000 homes, the fees are to prevent the pools from being filled by non-members and homeowners potentially being turned away.

West Creek Gardens resident parking; that area continues to be hazardous due to parking on the streets. It is a 1 way now and the city will not take ownership of the street. It is too narrow for fire trucks and we do not have the authority to give citations or enforce parking rules; nor will the county. We are now working on designating a fire lane which will eliminate parking along that side and allow for law enforcement to ticket those who do. Another question was; can we have a meeting to vote on getting the county to make a fire lane on that street? That subdivision would have to vote on getting it done first.

One homeowner, who lives in the Reserves, asked if the members of that subdivision could have meetings at the community center? Answer; the residents of that subdivision could rent the center just like any other homeowner. This subdivision belongs to an additional HOA managed by their builder.

Dog poop in yards and walkways continues to be a problem. Answer; the pet owner is responsible for their pets and the associated poop we continue to encourage people to be responsible through the newsletters and during meetings.

A homeowner wanted to know why he could not rent the Sports Park Pavilion one day last month during a holiday weekend. The reason was there was no one available to monitor the event. A suggestion was given; give the key to the responsible homeowner that rented the park and hold them responsible for cleaning and/or damages. Keep the deposit if any damage results from the use. The Board will look into a viable long term solution.

Mr. Farnsworth wanted to know if we have looked into refinancing the community center loan; we are paying higher interest rate right now. The Board will look into refinancing options through the Finance Committee.

Introduction

This is a recommendation to keep the members of the association informed in a timely manner on the activities of the community. The only official newsletter that our Association publishes is the quarterly edition of the "Westcreek Times". Originally this was a bi-monthly publication and later changed to quarterly in an effort to reduce cost. This cost reduction effort, while well intended sacrificed communication with the membership of the association. As a result, homeowners felt disenfranchised and uniformed from the affairs of their community.

Proposal:

Recommend that the Association publish as a weekly electronic newsletter called "This Week in Westcreek".

- Newsletter to be published each Monday and posted on the website and Facebook.
- Post current edition of newsletter on official Community Center Bulletin Board.
- Distribution to be made via email and hard copy at the Community Center upon request from homeowner.
- On the "Newsletter" page of the website, post current and past editions of "This Week in Westcreek" similar to our quarterly newsletter "The Westcreek Times".
- See Sample Newsletter for consideration

Proposed Timeline:

September 5, 2011

First edition to be published!

Projected Cost:

I believe this recommendation can be implemented within current budget limitations and existing personnel/resources.

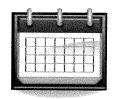

Conclusion:

By implementing this idea I believe it will help improve communications within our community, promote an atmosphere of transparency and create a better understanding of the inner operations of our association. I believe that by adopting this idea, we will serve a vital need that will hopefully build a better community in which families will desire to live.
