KEVIN DRUMMONDS

I am a 22-year veteran of the Air Force, retiring in December of 1998. My wife Rhonda and I have lived in Westcreek since 1997, where we raised two children who now have families of their own and have given us three grandchildren. I served on the VWOA Board of Directors several times since 2000 in all Officer positions. I served on the Board that built the pavilion in the park and planned, funded, and initiated action on the community center. We purchased the 25 acres that the community center sits on even before the bridge was built.

My objectives continue to ensure fiscal responsibility, increase property values and maintain transparency in all association business and meetings. I believe in a strong financial strategy and hard work that has accounted for many new additions to the community, including but not limited to: new playground equipment for the tot lot; refurbishment of the sports fields and increased lighting throughout the park; upgrade and maintenance of the major street fences and monuments; a new monument in the clock tower; opening the pool for adult accompanied swim for longer hours as well as more days during the summer; park monitors on duty to ensure the facilities are maintained and available to members when they want/need them; and much, much more.

Hopefully you have enjoyed these upgrades and agree with us when we say "Westcreek is a great place to live." I continue to believe that communications and openness in all actions of the Board and staff are vital to maintaining and improving the trust of the homeowners in those that manage our community. I played a key role in opening all meetings to the homeowners, requiring minutes from all committees, and ensuring greater detail was included in those minutes. I hope to continue to work toward a high degree of customer service, transparency, and professionalism in all our dealings. This includes all forms of communications, whether it be telephone, email, meetings, or even one-on-one. In addition, those elected as our representatives as well as our staff should be held accountable to do the Association's business in the light of day and with a high degree of fiduciary responsibility and personal integrity. The ability to manage a budget within our available resources is our highest, if not the highest, priority.

Finally, security of our families, our property, and our community as a whole is also very high on our agenda. Bottom line: Westcreek has always been a great place to live. If we inform and involve the homeowners in our decisions, do our business in the open, make sound budget decisions, and work together to keep our community safe, we will make this an even greater place to live.

Candidates

ELAINE MAURER

My name is Elaine Maurer. I have been a resident of the Villages of Westcreek for over 20 years. My husband John and I have been married for 30 years and we have one son. He and his wife are raising our two beautiful granddaughters, right here in Westcreek.

I retired from Northside ISD 4 years ago. I feel blessed to have worked so close to home, at both of the elementary schools in our community. Most recently, I worked at Paul Ott where I was the campus Office Manager & Bookkeeper. I have a great deal of experience working within a budget, and I feel this would benefit the community in helping to keep our assessments low.

Through the years, I've volunteered on several committees to include the Nominating Committee, Finance Committee, Communications Committee, and I'm currently the Chair of the Architectural Review Committee. Recently I expressed interest in the open Board of Directors position of Assistant Secretary, and in December of 2020, I interviewed and was selected to fill the position. I am also the Watch Captain for my village on the Villages of Westcreek Neighborhood Watch Facebook group, where my goal is to bring my village neighbors closer together while also deterring crime through communication and observation.

As you can see I have been very connected to our community in a variety of ways over the last 20 years. This is the best community in San Antonio and I knew as soon as my husband and I moved back here, this was exactly where I wanted to raise our family!

Please give me your vote, and allow me to continue to serve this wonderful community. I am so proud to call this neighborhood my home!

ERIK TSCHETTER

Hello, my name is Erik Tschetter, I'm 46 years old and have lived in Westcreek since moving my family to Texas in 2006.

I've been married for nearly 23 years and we have 4 children. When we arrived there was nothing but great neighbors, a Bill Miller's and a Shell station around here. Since then we've lived in 2 houses in Westcreek; we've worked our kids through Galm, Luna and Brennan; swam through hot summers in the pools; sweat through games and practices at the park; taught the kids to drive on the streets; and celebrated scores of holidays watching fireworks in the sky.

The years we've spent in the Villages of Westcreek have been amazing, and we're lucky to be here.

Thanks for your attention,

Erik
